

Looking for a few good men and women – ages 12 - 18!!

WE NEED YOU!!!

We are looking for volunteers to participate in our T.A.B., the Teen Advisory Board at the Kinderhook Public Library and at your school library!

The Teen Advisory Board offers suggestions and provides input about teen reading interests, recreational activities and programming such as movie nights, anime club, book discussions, or dance/music events and space planning. This will help make the library more “teen-friendly.”

There are many benefits to being a part of the Teen Advisory Board, including: meeting and interacting with other teens, developing leadership and teamwork skills, feeling a sense of accomplishment by serving the community, and obtaining recognition to use on high school and college applications. In addition, volunteer hours may be applied towards the high school community service requirement. This is a volunteer position; Teen Advisory Board members will not receive a stipend or any monetary compensation. Participants are expected to attend monthly meetings, plus any special programs or events.

Potential members need to register at the Kinderhook Memorial Library at 758-6192.
